Product details

CAPACITY	1500 — 235 litres to overflow, 305 litres to top. 1700 — 294 litres to overflow, 380 litres to top.
WEIGHT	1500 — net weight 40 kg, with water to overflow 275 kg. 1700 — net weight 50 kg, with water to overflow 344 kg.

Installation

Refer to installation instructions.

The bath is supplied with four adjustable support feet on the base frame of the bath. Position the bath and use the adjustable feet to level the bath. Leave a 3mm void between the base of the bath and the floor. Use silicone around the base to seal the bath to the floor. Allow a 20mm gap in the silicone seal as a weephole (gap is designed to reveal any plumbing leakage).

Important: Use acetic cured silicone sealant. Do not use epoxy type adhesives.
